Company Information

TRADING NAME : TENKO 2744 (PTY) LTD
REGISTRATION NUMBER : 2012/185526/07
INCOME TAX NO : 9267147198

About Us

Individuals with extensive business experience and knowledge have been identified to be strategic partners in this Company. This is a team of Business people, Technicians, Engineers, Trainers and Consultants who have been involve in many short and long – term projects.

Vision

To be a leading and dynamic Civil Construction Works and Engineering company in the country and continent that supports and develops a vibrant and thriving business sector.

Mission Statement

To render effective and qualitative services to our clients at all times, regardless of social standing, colour, race and gender and to improve our earnings in a sustainable and socially responsible manner.

Our Field of Expertise

As a business organization, we have tailor-made services to meet our client's needs. We believe in verifying client's real needs by conducting needs and situational analysis.

Objectives

Develop the environment by providing man's basic needs in respect of shelter both at home and at work.

Empower the previously disadvantaged by creating jobs, enter into joint ventures or partnership with locals as well as play a role in the transfer of skills to others.

Create value for the shareholders.

Provide an integrated, holistic approach to all projects and adhere to humanism.

Endeavour to provide our client with time hours, accurate and affordable services at all times.

Services

1. Corrosion Control

We offer corrosion control services on steel surfaces and chemical storage tanks. This service includes and is not limited to:

- Surface preparation of the structure (this may be hand tool cleaning or abrasive blasting cleaning)
Surface Profiling
- The solutions (remedial actions) may vary depending on; area of operation ,temperature of operation and the levels of exposure to water or chemicals.

- Surface Coating
Control may be done on any type of corrosion including:

- Uniform Corrosion
- Pitting Corrosion
- Crevice Corrosion
- Galvanic Corrosion

Because different areas within a plant may undergo different levels and types of corrosion, TENKO 2744 (PTY) LTD offers the suitable solution for each area.
